Description	The Junior program is designed to incorporate beginner soccer skills through a variety of fun games and drills. Teamwork and good sportsmanship will be reinforced throughout.	Through a mixture of individual activities and small sided games, the Academy program will work towards ball mastery and other fundamental soccer skills. Additional coaching will be provided to help the players adjust to the growing field size and improving coordination.	The Pro program will include developmentally appropriate activities used during varsity training sessions. In addition to focusing on technical skills, activities will aim to improve awareness and decision-making in game-like situations.

All players should bring a ball and water, and wear shin guards and athletic/soccer shoes.
